

Minimize Your Capital Expenses

Solve your Capex problems while featuring LG commercial TVs and captivating display technology by simply leasing or flexibly financing with our referral partners!

LG Financing Made Easy

We can really cut our capital spending?

Exactly.

Take advantage of leasing and flexible financing programs from LG's Finance Referral Partners.

These lending institutions understand hospitality business needs, so you can provide the best experience for your budget.

On all of our hotel TVs, indoor & outdoor signage?

Correct.

For one predictable monthly payment, you could lease or finance all of those screens, control your monthly spend and spread payments over time without the upfront capital requirements of a traditional purchase agreement.

With everything Included?

Absolutely.

Equipment, installation, field support, maintenance, remote monitoring and warranty can all be included. LG and the independent financial institutions work together with you to streamline proposals and project execution.

LG is not a financial institution and is not directly involved with the purchase or lease of any LG display products through this program.

Leasing Terms: Final leasing terms are subject to customer credit approval by the financial institution

Leasing Service: Leasing service is only eligible for LG products and/or solutions

Support Services: LG offers extended warranty and ConnectedCare via resellers throughout lease term

Lease-End Options: Buyout, refresh with new equipment, return, or extend lease

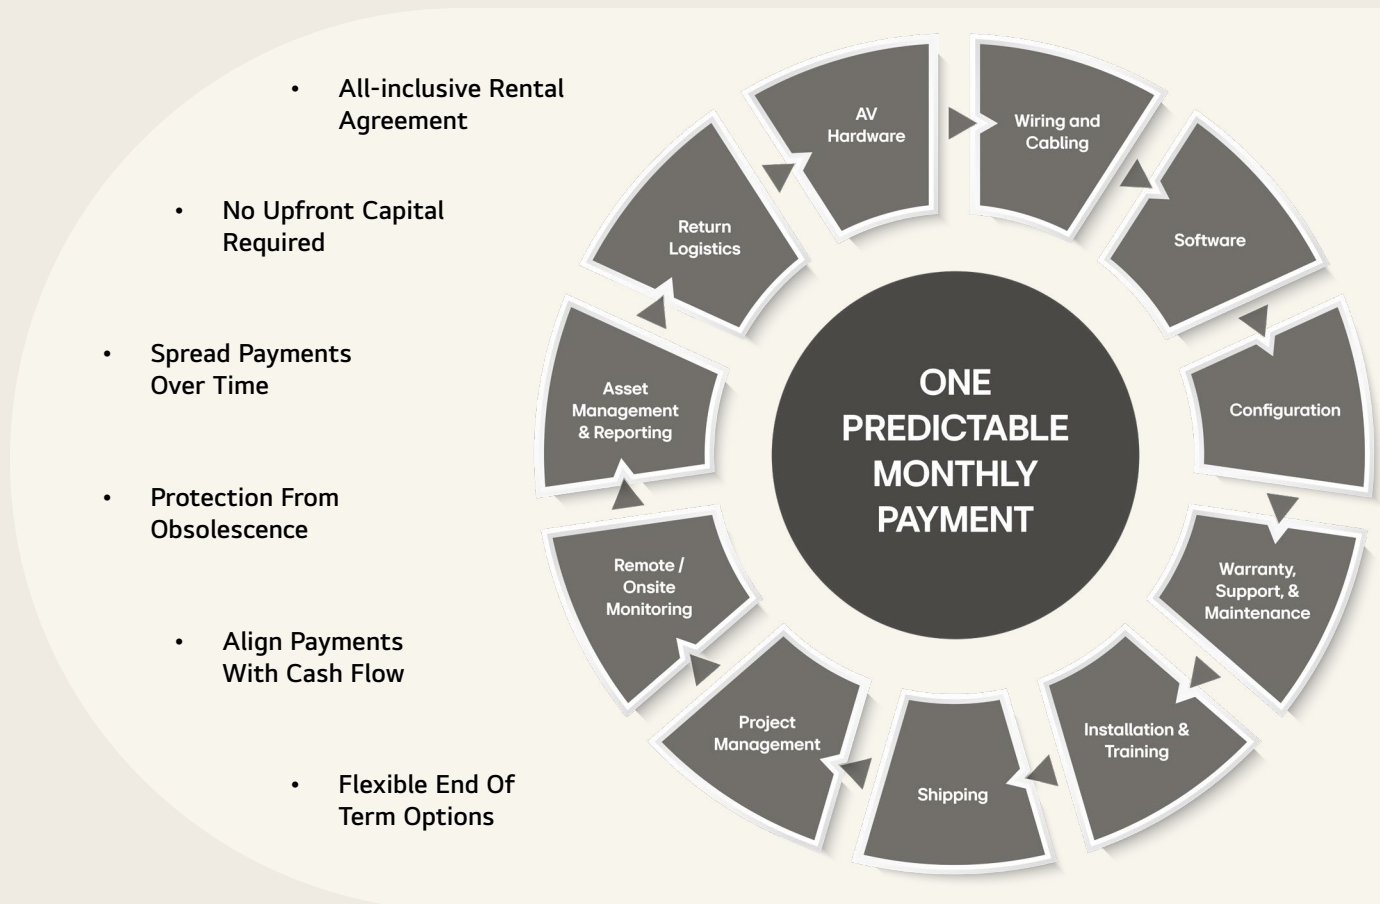

Experience the brilliance of LG advanced display technology, now easier to access than ever.

With help from the Financing Referral Service, you can upgrade your space with stunning digital displays and gorgeous guestroom TVs without the upfront cost. Whether you're enhancing a retail environment, transforming a workspace, or creating unforgettable customer experiences, flexible financing or lease options make it simple and affordable.

- **Flexible Payment Options:** Choose between CapEx (purchase) or OpEx (lease) options* from a variety of financial institutions for budget-friendly solutions tailored to your preferences with a predictable monthly payment.
- **Advanced TV and Display Technology:** Upgrade to the latest display tech at lease-end, avoiding outdated equipment and staying ahead with cutting-edge visuals.
- **Comprehensive Support:** Enjoy peace of mind with reliable performance and support—LG's extended warranty and ConnectedCare services can be included throughout the lease or financing term.
- **Customized Lease-End Options:** At the end of any lease term, you can work with the financial institution to buy out equipment, refresh with new technology, or extend the lease, offering flexibility to adapt to future needs.
- **Example Scenario:** Check out the following example scenario (subject to creditworthiness, specific feature offerings, and the approval of the respective financial institution)

Example Scenario

*Subject to creditworthiness and the approval of the respective financial institution.
