Bring Your Own Lessons

With LG CreateBoard Prep, you can seamlessly import legacy files such as *.notebook and *.flipchart documents without losing any content. It also allows you to quickly bring in Google Slides, PowerPoint presentations, jpegs, PDFs, and many other formats, so you can jump straight into teaching.

Ready-to-Teach Library

LG CreateBoard Prep offers a built-in library packed with thousands of templates and creative ideas, aligned with Common Core standards from Pre-K to 8th grade. It supports multiple languages and covers all subjects—including math, science, social studies, English, and the arts—making it an ideal tool for dynamic, engaging lessons across the board.

Real-Time Collaboration

LG CreateBoard Prep brings lessons to life with real-time collaboration on student devices during live lessons. Host interactive classroom quizzes for live student participation, or use Open Question to gather instant feedback—all designed to boost engagement and learning.

Teacher Tools

CreateBoard Prep was built to be the primary whiteboarding tool on your LG CreateBoard Interactive Display. Together you have the power to create, manage, share and most importantly, teach.

Teacher tools range from classroom management, lesson builders, math manipulatives, clocks, timers, charts, graphs, games, activities, money tools, randomizers + more.
