LG OLED evo

G4 Series

Including the World's Largest OLED TV.
Not that we're bragging.

Best of CES 2024

LG G4

The most interesting TV
Announced at CES

The Reviewed Awards: CES 2024

LG G4

Stood out for their excellence
in innovation, core technology,
design, and/or value

World's #1 OLED TV

LG G4

Dominating the global OLED TV
market for 11 consecutive years

Tom's Guide Best OLED TV

LG G4

LG G4 is an OLED TV that gets
just about everything right

T3 Awards - Best Gaming TV

LG G4

LG OLED G4 is the best TV
money can buy today

12 CTA Innovation Awards

LG G4

Twelve CES Innovation
Award honors at CES 2024

PRODUCT INFORMATION

G4 Series

Available Sizes	97" / 83" / 77" / 65" / 55"
Resolution	4K Ultra HD (3,840 x 2,160)
Screen Type	4K OLED Display
Contrast	Infinite (Perfect Black)
Dimming	Individual Pixel Dimming
Refresh Rate	120 Hz
Main Processor	α11 AI Super Upscaling 4K Processor
High Dynamic Range	Dolby Vision® / HDR10 / HLG
Speakers	60W, 4.2ch
Bluetooth®	Bluetooth Surround Ready

LG OLED^{evo}

LG signature OLED technology creates an incredible watching experience and stellar picture quality illuminated with over 8 million self-lit pixels.

Extra Bright in Retail Environments

Experience the brightest, most vivid LG OLED TV. The LG OLED evo G4 is 150% brighter than our B4 series and magnifies the glow of each pixel with Micro Lens Array technology. The result is luminous picture quality that makes every detail gleam.

Extra Channels in Hospitality Environments

This LG TV makes it easier than ever to find what you need and more. With webOS browse all your favorite streaming apps and let LG Channels® connects you to 300+ free channels of sports, fitness, cooking and more.

Extra Brains in Public Space Environments

Enjoy smooth, crisp picture and sound with the α11 processor's AI Picture Pro and AI Super Upscaling.

Extra Contrast in Transportation Environments

LG OLED TVs have self-lit pixels that turn on and off to achieve perfect black and infinite contrast. LED and Mini LED displays can't create perfect black and can also suffer from the halo effect.

* OLED evo is brighter vs. the traditional WRGB B and A OLED series, OLED evo models are brighter than similarly sized, conventional LG OLED models, not including 42" or 48" C2.
